

Expression of Interest

Donvale Junior Chef Club

We will be having a meeting every second Tuesday at lunch time in the 'Before and After School Care' room.

We are focused on creativity, how to produce healthy, yummy and beautiful food from simple, fresh and cheap ingredients. Also, covering basic food safety and hygiene.

As we don't know "exactly" what is in some of the sauces, we will only take children with no food allergies.

We can't take too many children at once, so there will only be a maximum of 20 children in a group.

If your child is interested in this program, please return the form below to school ASAP so we can finalise the groups.

For any enquiries, please contact Garry Briggs, Stacey or myself.

Thank you.

Liang Dimitroff and Stacey Browne
